5. He wishes he ____ a second language — it would help so much in his job. (*can speak* / *speaks* / *could speak*)

Exercise B – Complete each sentence with the correct form of the verb in parentheses.

1. I wish I _____ (have) more free time — I barely get to read any more.
2. My parents hope I _____ (find) a job I enjoy after I finish my degree.
3. She wishes she _____ (can / speak) Italian. She visits Rome every year.
4. We hope the weather _____ (be) better for the outdoor concert next Saturday.
5. He wishes the government _____ (invest) more in renewable energy.

PART 2 – DEFINING RELATIVE CLAUSES

Pronoun	Use	Example
who	for people	the engineer who designed the bridge
which	for things / ideas	an app which tracks your footprint
that	replaces who or which (informal)	the app that tracks it the engineer that built it
where	for places	the city where I grew up
when	for times / periods	the day when I met her

Note: **that** can replace **who** or **which** in defining relative clauses, but **not** where or when.

Exercise C – Complete each sentence with who, which, that, where, or when.

1. That was the era _____ handwritten letters were the main form of communication.
2. The scientist _____ discovered this compound won the Nobel Prize in Chemistry.
3. She recommended a documentary _____ explains how microplastics enter the food chain.
4. This is the valley _____ the first wind turbines in the region were installed.
5. The moment _____ I saw the data, I knew something was seriously wrong.

Exercise D – Join the two sentences using the correct relative pronoun. Do not use commas.

The man lives next door. He designed the app.
→ *The man who lives next door designed the app.*

1. I read a book last week. + The book explains the causes of ocean pollution.
→ _____
2. She grew up in a small village. + The village has no electricity or running water.
→ _____
3. I still remember the summer. + I learned to surf that summer.
→ _____
4. They interviewed a scientist. + The scientist had spent five years studying glaciers.
→ _____

PART 3 – CONDITIONALS

Zero Conditional → general truths / scientific facts

If + present simple, present simple. If you heat water to 100°C, it boils.

First Conditional → real / likely future situations

If + present simple, will / can / may + base verb. If it rains, we will cancel the trip.

Second Conditional → unreal / hypothetical present or future

If + past simple, would / could + base verb. If I lived closer, I would walk to work.

Unless = if ... not. *Unless we act now, things will get worse. = If we don't act now, things will get worse.*

Exercise E – Label each sentence Z (zero), 1 (first), or 2 (second), then complete with the correct verb form.

1. If you _____ (leave) metal outside in the rain, it rusts. []
2. If she _____ (study) harder, she could get a much better grade. []
3. Unless we _____ (reduce) emissions soon, coastal cities will be at risk. []
4. If I _____ (have) more savings, I would invest in solar panels for the house. []
5. If the council _____ (approve) the project, construction will start in spring. []

Exercise F – Each sentence has a mistake. Find it and rewrite the sentence correctly.

1. If I would have more time, I would volunteer at the community garden.

→ _____

2. Water boils if you heated it to 100 degrees Celsius.

→ _____

3. If it will rain tomorrow, we'll have to move the event indoors.

→ _____

4. Unless she doesn't leave now, she'll miss the last train.

→ _____

5. If there will be less pollution in cities, people would be a lot healthier.

→ _____

PART 4 – PAST PERFECT

Form: had + past participle

Use: an action completed before another past action or a past point in time

*By the time the team arrived, someone **had already fixed** the problem.*

*She **had never used** a touchscreen before her company gave her a tablet.*

*When the film started, we **hadn't found** our seats yet.*

Key words: by the time, when, before, already, never, still not, by + year

Exercise G – Complete each sentence with the correct past perfect form of the verb in parentheses.

1. By the time the ambulance arrived, the bystanders _____ (already / call) for help.

2. He _____ (never / see) a live music performance before his friends took him to the festival.

3. When the power came back on, we realised we _____ (not save) any of our work.
